

RECONNECTING YOUTH... IN 10 DAYS

Boost your social and mental health supports beyond the school day with Reconnecting Youth for Out-of-School Time (RY Time). Rely on a trauma-informed, research-based approach and customize based on your population and community needs.

Expanded social and mental health learning: RY Time provides additional support and resources for students to enhance their social and mental well-being beyond the regular school day.

Customizable based on needs: The program can be tailored to meet the specific needs of the population and community it serves, providing flexibility & customization.

Trauma-informed approach: RY Time follows a trauma-informed approach, taking into account the potential impact of trauma on students, and provides strategies to support their healing and growth.

Evidence-based curriculum: The program is based on research and evidence, ensuring that the content and activities are effective in promoting positive outcomes for students.

Engaging and bonding students: RY Time aims to engage students and create a supportive student community, fostering connections and relationships among participants.

Goal-oriented: The program helps students identify and work towards their goals, promoting a sense of purpose and motivation.

WHAT IS RY TIME?

AN OUT-OF-SCHOOL PROGRAM

Reconnecting Youth for Out-of-School Time (RY Time) is a refined version of our award-winning Reconnecting Youth Program. Designed to be delivered in just 10 hour-long sessions, RY Time can also be extended to a month, a summer, or even an entire semester, depending on program needs.

FOR ANY STUDENT

RY Time expands social and mental health learning and supports for any student (6-12 grade) to after-school, intersession and summer enrichment programs.

EXPAND LEARNING OPPORTUNITIES

RY Time aligns with Expanded Learning Opportunities Program (ELOP) goals, allowing programs to meet their objectives while addressing students' social and emotional learning (SEL) needs

In just 10 Days, engage, bond and ignite students towards their goals.
